International Week on Sustainability: »Sustainability and Responsibility in the 21st Century«

HWR Berlin is organizing an "International Week on Sustainability" between 05-13 and 19-22 November 2021. The event opens up multidisciplinary perspectives on the topics of sustainability and responsibility and allows participants to attend seminars, workshops, field trips and role plays taught by teachers from different parts of the world. Furthermore, participants get to work on real-life challenges provided by real companies, NGOs, and non-profit organizations.

**05.11.-
22.11.**

International lectures on sustainability and responsibility

The International Week on Sustainability enables students to dive deep into the topic of sustainability and responsibility through practice-oriented projects and allows them to attend international lectures taught by teachers from different parts of the world. Furthermore, students get to work on real-life challenges provided by real companies, NGOs, and non-profit organizations.
