Alumni Talk - International master's degree programmes 2022

Three alumni of the HWR Berlin, now working at well-known companies, presented their professional career paths and their everyday work to interested students at the online Alumni Talk on 20.01.2022.

10.03.2022 — Beate von Halle

The focus was particularly on their decisions and experiences during the transition from study to work, their application processes and their challenges in the job. The alumni also gave important career tips. During the presentations, the participants had the opportunity to ask questions, which was actively used.

We would like to thank Orkun Sahin, Kim Cacace and Elisabeth Rosenberg for the exciting insights.
