Studying at the HWR Berlin – Department of Cooperative Studies

At the Department of Cooperative Studies, we currently have over 2000 enrolments. Our department offers special study programmes that combine fulltime classroom study with regular, practical on-the job training. This dual structure of studies allows for applied learning and the acquisition of a broad range of professional skills, including social and methodological competencies, mainly in the field of business-related subjects, but also in a number of technical disciplines. About 700 companies cooperate with the HWR Berlin by functioning as on-the job training partners during the practical phases of study.
