Regardless of which university you study or work at,
book your sports course at a favourable price
- at the university of your choice.

Berlin University Sports

Brief information at a glance

Every semester, there is room for more than 50,000 participants in the courses, workshops, excursions and tournaments organised by Berlin University Sports. The programmes are subject to registration and payment, and the fees are very student- and employee-friendly.

Enrolment

The quickest and most convenient way is to register online, where everyone fills out a form for a programme and then prints out their participation ticket directly.

When enquiring about their status, students click on the category 'Student' with the name of their university, while employees click on 'Employee' with the name of their university.

Payment is made simply and securely either by direct debit (FU, TU) or by bank transfer (BHT, HTW, HU).

Enrolment dates

As a rule, bookings start on 1 April and 1 October (except HTW), deviations may occur depending on the day of the week or other requirements. A holiday programme takes place during the lecture-free period; registration usually starts on 1 July and 1 February. The preview of the programme is usually displayed 1-2 weeks in advance. Please refer to the websites of the respective university sports centres!

We hope you enjoy the university sports programme!

Events during the winter semester 2026/2027
